CARL DE SUZE TO SPEAK IN MARION

"South America, Impatient Volcano" will be the subject of the illustrated lecture to be given by Carl de Suze in the auditorium of the Sippican School in Marion, Saturday, October 21, at 8:00 P.M. The Hornblowers group of St. Gabriel's Episcopal Church is sponsoring this timely program on an area much in the news recently because of the large foreign aid bill enacted by Congress.

Mr. de Suze has recently returned from South America where he obtained colored film and interviews with camera and tape recorder showing the beauty as well as the economic and social problems of this rapidly growing continent. Scenes from the Carnival of Saints in Rio de Janeiro, a cable car ride over the world's most beautiful city, a walk through the oldest city of Brazil, interviews with heads of state of Venezuela and his travels in Chile, Argentine and other parts of South America will be covered by Mr. de Suze, his camera and tape recorder.

Mrs. Paul R. Morse of Wareham is chairman of the Hornblowers' Committee with Mrs. Edward C. Brainard of Marion in charge of tickets which may be obtained from Mrs. Brainard or at the door. Mr. and Mrs. Raymond F. Swoish of Marion are in charge of arrangements.

VETERANS' DAY PARADE

The Veterans' Day parade will be held in Wareham on November 11th, at 2:00 P.M. It will form at 1:15 P.M. at the Town Hall parking lot. There will be trophies awarded the

FIRST DISTRICT DIRECTOR GUEST AT CLUB

Mrs. Fred Curtis, First District Director, was guest of the Rochester Woman's Club at the October meeting. Mrs. Marian Church, club president, presented her with a yellow fall corsage which looked very attractive against her green wool sheath with matching hat. Mrs. Curtis' home is in Dennisport, Mass.

In her address to the group, Mrs. Curtis said that she had attended the First District Workshop on September 29th at Clauson's Inn at North Falmouth. Nine state officers were present and plans were mapped out for the coming year. She also announced that the General Federation of Women's Clubs has endorsed a crusade for the use of safety seat belts in automobiles. Co-sponsors are Auto Industries Highway Safety Commission. This drive for safety will be featured throughout the nation during the month of October. Mrs. Curtis expressed the hope that all members would subscribe to the State Federation magazine, "Federation Topics", especially the club officers. She mentioned the Massachusetts State Federation of Women's Clubs' Fall meet-

ing on October 30th and urged all to attend. There is also a First District Conference on November 17th at the Wareham Town Hall.

Mrs. Curtis revealed that club scholarship chairmen should receive information from the State Scholarship chairman shortly with regard to available scholarship awards. These papers would be given to the guidance director at the local high schools and they should post them.

During the business meeting, an invitation was read from the Wareham Monday Club to attend a "Neighborhood Day" in March. Each club that is represented is asked to provide an entertainment lasting fifteen minutes.

A plea was received from Mrs. Greenwood Hartley, Jr. for the club to help with expenses for a needy child and it was voted to do so.

Sums of money were donated to the SPCC and to Mrs. Kenneth Winslow, chairman of the Veterans' Committee. Bags for the veterans will be packed at the November meeting.

Mrs. Timothy O'Brien announced that the community birthday calendar deadline was Saturday, October 7, and solicitors were doing exceptionally well.

After the business meeting, the members and their guest enjoyed a social hour. The refreshment table was lovely with a centerpiece of vari-colored roses. Dessert doughnuts and coffee were served. Hostess was Mrs. Alphonse Raymond assisted by Mrs. Henry Hartley and Mrs. Raymond King.

Dear friends,

We have seen so many misunderstandings and hardships brought about because the deceased had made no will that we feel justified in mentioning it. Making a will is very simple and inexpensive. It so often saves a family from endless worry and uncertainty.

We know little about legal matters, but we do know that much trouble could be avoided if every person made a will.

Respectfully,

"INTERNATIONAL COMMUNISM"

The International Communist conspiracy has set the year 1973 as the approximate deadline for accomplishing world domination and it will achieve its goal if its present rate of expansion continues unabated, Dr. Frederick C. Soviet leadership, he emphasized, is confident that it can achieve its goals without recourse to a third world war. - "I regret to say that by every standard test the Communists have been making terrifying progress and they are winning and we are losing." Cur-

"Negotiation with the Soviet Union," Dr. Schwarz warned, "is impossible. To think we can do it is to indicate a failure to understand communism so completely that is approaches mental illness." - He declared that brutality of communism is not a departure from its classic ideology, but it is the very basis of the Communist program. - "Inherent within the theory of communism," he said, "is the greatest program of murder, slaughter, and insanity conceivable. To the Communists murder, treachery, and torture are moral acts."

Dr. Schwarz characterized communism as a pseudo-science that bases its doctrine on three points: First, that there is no God, a denial of moral law and all that implies; second, that man is a material machine, completely des-

quest is a peaceful act in their eyes," he said. "If they take a gun, they take a peace-gun, containing a peaceful bullet, kill you peacefully and put you in a peaceful grave." Thus, he explained, Khrushchev could call the Russian butchery in Budapest "glorious peace."

Dr. Schwarz warned against the fallacy of trying to combat communism by accepting what is essentially communism's materialistic approach: "When we want people of the world to resist the Communist idea and to embrace the idea of freedom, we think that if we give them material benefits this will automatically come to pass, and so the idea is to give eco-

nomic aid and military assistance in the expectation that communism will lose its appeal and freedom will triumph. The foundation is wrong. Materialistic measures do not control the minds and the hearts of the people. This must be done in a more direct fashion. We need a scientific approach that will utilize the moral, cultural and spiritual values in each of these countries. We need a loving, friendly cooperative spirit and a direct approach to their minds and hearts to mobilize them against communism. Let us consider India. The Communists want India. If they conquer India the consequences are incalculable. The average Indian must have a reason for being against communsim. What reason is significant to him? You cannot say it is against his economic well-being. His economic well-being is so low that it is difficult to make it any lower. You cannot say it is against his constitutional liberties. He does not quite understand what they are. It must be against something which, to him, is meaningful and significant. It must threaten something to him that is valuable. The Communists very cleverly deceive and hide their destructive program from each group, as they exploit their needs and conquer them."

The Communist movement, Dr. Schwarz declared, draws its strength from two principal sources. First, "Their recruitment of the student intellectual who is susceptible to the appeals of communism by reason of his educational conditioning." Second, the superb organization of the Communists. The intellectual, he explained, "is recruited in terms of his ideological pride. He is more intelligent than the average man, and he sees the opportunity to mold man and create history."
